

# MORNING APPEAL.

Sunday, August 5, 1888.

FOR PRESIDENT,  
BENJAMIN HARRISON  
OF INDIANA.

FOR VICE PRESIDENT,  
LEVI P. MORTON  
OF NEW YORK.

## THE GREAT CRYPTOGRAM.

Ignatious Donnelly's book has only been out a few weeks and it has been swept with a storm of criticism and ridicule.

After those who have attacked it on sight have ceased to revile it, those who have devoted more time to reading it, will probably have a chance to be heard.

No man can spend a couple of days on such a book and fairly criticize it.

According to our way of thinking, Donnelly has fully proven his case against Shakespeare and anyone who will dismiss tradition and sentiment from his mind cannot fail reaching that conclusion.

The conclusion may be distasteful to many but it will be reached all the same.

Donnelly lays side by side the prose writings of Bacon and the dramatic writings of Shakespeare in blank verse.

In more than a hundred instances Shakespeare is simply Bacon in blank verse.

Donnelly points out the peculiar fact that all the errors and misconceptions of Bacon are reproduced in Shakespeare.

Whenever Bacon fell in to a geographical error, so did Shakespeare.

Whenever Shakespeare stumbled into medicine, so did Shakespeare.

Bacon made a few historical errors in his writings and Shakespeare's plays reproduces everyone of them.

All of Bacon's enemies were attacked in the plays, none of Shakespeare.

The plays were treasonable in character and Bacon holding a high office under the Government used Shakespeare as a mask for his work and divided the profits.

Lord Cecil charged Bacon with being the author of the plays and his arrest was ordered.

When he heard the news he attempted suicide and Shakespeare fearing lest he would be called on to testify, went on a drunken debauch and died.

Shakespeare's daughter at 23 could not read or write.

Does anyone suppose that a man who could write "Hamlet" would neglect his daughter's education?

Donnelly proves that some of the plays appeared before Shakespeare went to London.

Shakespeare had no education whatever and his character as a liar, fraud, sensualist, drunkard and sheep stealer is fully shown up in the character of Falstaff.

Bacon's birth-place is mentioned thirteen times in the plays, Shakespeare's, not once.

The plots are laid in cities and places visited by Bacon, places which Shakespeare never saw.

The plot of "Titus Andronicus" is taken from the Greek and written before any English translation was ever made.

Shakespeare did not know a line of Greek and Bacon was a Greek scholar.

These are not a few samples of the argument of Donnelly taken at random from a hundred in his book.

The weakest part of his work is the cypher. It seems useless as he proves his case without it.

—It begins to look as if Ben Harrison was being imposed on, every man who goes to Indiana calls on Harrison and gets a square meal. Harrison is not a rich man and before the campaign is fairly open he will be beaten out of house and home. It looks like a Democratic trick.

—Mrs. Ramabai the Hindu woman wants San Francisco to give \$75,000 toward ameliorating the condition of the widows of India. California has enough poor widows who would find that money useful.
